Three weeks later - no more sleepless in Langenthal

new transformation in Ruffle discovered and programmed in
Preprocessor®-by a4w.ch

Our Team III all trained together yesterday September 22, 2022 and got us in the mood for the championship game in Solothurn (Switzerland - Switzerland - City of Solothurn).

below: in the afternoon we were able to extend Ruffle-Plugin-CMS with caching of text input. You can now use the website itself, where the Ruffle plugin is installed, to transform entire pages of text with breaks on a new button from cloud to cloud using the clipboard from Windows or MAC desktop websites

The screenshot shows the 'Agendamanager.ch CMS' interface. At the top, there is a navigation bar with 'input cloud left' and a '
' button. The main content area is divided into several sections:

- Calendar (Left):** A calendar for September 2022 with the 21st highlighted in green. Below it are 'Programmieren' and 'löschen' buttons.
- Form (Right):** A form for adding an event on 'Mittwoch 21. September 2022'. It includes a 'Passwort:' field, a text area for 'Geburtsstag', and 'Programmieren' and 'Reset' buttons. A note says 'Keine Zeilenumbrüche (nur ein Komma erlaubt):'. Below the form is a yellow box with the text 'Gut überprüfen vor dem Abspeichern. Gesamtbackup bei Support (2x/Jahr)'.
- Text Area (Bottom Left):** A text area containing the text 'Lützenberger
über die Zwischenablage unten links in die Cloud kopieren'. Above it are 'Reset', 'V', and 'B' buttons. Below it is a 'Transformer' button.
- Footer (Bottom Right):** A small box with 'Geburtsstage-CMS' and a '100 Jahre merken' button.

Now, in addition to the letter from the old town clerk Daniel Steiner, there is also a letter from the Federal Administrative Court in St. Gallen!

Now the middle municipal council agenda item will soon be available. How do we buy the jewelry top level www.langenthal.eu from Mr. Andreas Lützenberger (this is me) for the offer of the foreman in Langenthal (formerly the porcelain factory www.langenthaler.ch).

My files at the moment

Lying on the table at my house:

- Signed a letter that the city administration would like to buy a domain from me
- An ID card that I can enter the USA as a recovered Omicron patient and recovered (soon I will be able to travel in Germany with it until June 23, because masks are compulsory there again)
- Decision coming in October 2022 regarding both tax years 2020/21, according to which only the latter was legally listed (simply omitted the first tax year 2020 - Ms. Burch's point was corrected or deleted according to the threat also to Ms. Gubler Treuhand Wynau that it would be deleted arbitrarily the insert sheets of both years out to me), which contradicts the request above

My father and Walter Bürki know that I behave like Walter. One had apparently infected me with his breath three days before the do (in bed). *Andreas Lützenberger*

The silent murder by Daniel Steiner in Langenthal against me doing sports in the halls in the clothes of the Langenthaler Stamm can therefore not take place.

The match Solothurn against Langenthal is coming up. The well-being of the three German-Swiss in the team (among them a representative from Steiner) is very good at the moment. Nobody wants to lose there, although about two can appear as strong as our fanion team. The countdown to the match date is set at Langenthal.eu!

Below is the last photo of the team before the transition to the new season. Oltner and Basler and Germans, as well as a native of Switzerland, always give us strong support in the smallest environment of the teams in the Swiss town halls.
